Pharmaceutical folder for cartoning machines
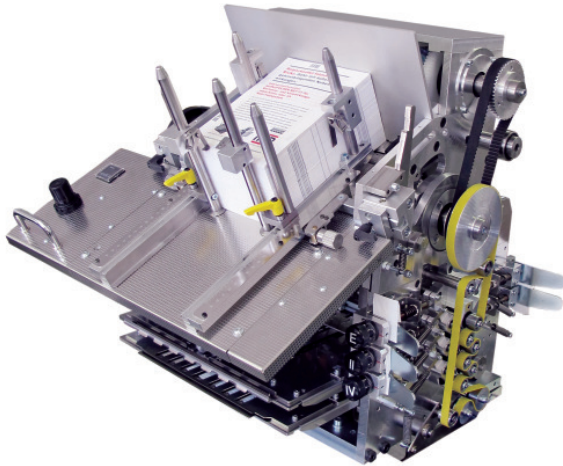

MB BÄUERLE

leafletFOLDER 21 online

The fold module combines innovative technology with maximum efficiency. It is driven by low-noise, almost maintenance-free flat belts.

The swivel-mounted feed table offers excellent accessibility. The leaflet transport module is extentable and easily removable. The large read area allows the integration of all code reading systems as well as reading from top to bottom.

The manual fold unit with four fold plates is easy to handle. As fold plate and dummy plate form a single unit, there is no need to insert additional deflectors.

Even multilayer, pre-folded inserts can be processed reliably with the folder.

>> Simple operation
>> Maximum efficiency
>> Minimum waste

Specifications:

Paper sizes:
Version I:	max. 216 x 320 mm	
	min. 75 x 85 mm	
Version II:	max. 216 x 600 mm	
	min. 75 x 85 mm	

Fold length:
|	
Version I:	max. 225 mm
	min. 15 mm
Version II:	max. 305 mm
	min. 15 mm

Paper weight:
40 - 80 GSM (single and multilayer)

Speed (depending on material):
max. 400 cycles/min - leafletFOLDER 21
max. 500 cycles/min - leafletFOLDER 21-S

AUTOMATION FOR EFFICIENCY.

leafletFOLDER 21

Optimized equipment

Feeder with swivel-mounted feed table
- Separates unfolded und pre-folded sheets
- Stack height up to 2,500 sheets (DIN A4; 50 GSM)
- Replenishing from the top without machine stop
- Swivel-mounted, therefore good accessibility for maintenance jobs
- Feed table available in two versions:
  for paper sizes up to a length of 320 mm
 for paper sizes up to a length of 600 mm
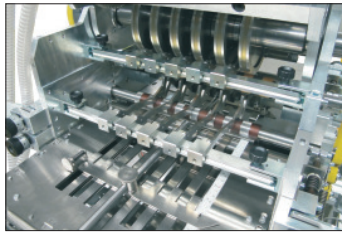

Reading area
- Reading track with large read area
- Reading from top and bottom
- Possibility to integrate all code reading systems
- Easily removable paper guides with freely slideable guide fingers
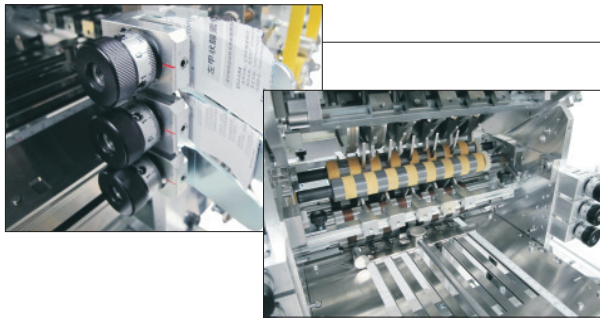

Fold rollers
- Manual fold unit with four fold plates
- Simple and accurate setting of fold roller gap by means of paper strips of the original insert
- Polyurethane-steel-fold rollers with self-cleaning effect
- Driven by low-noise, almost maintenance-free flat belts
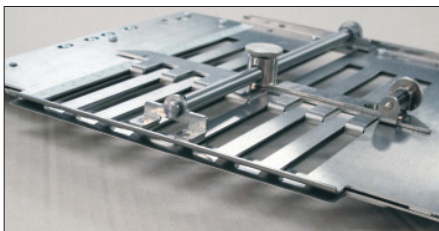

Fold plates
- Four manual fold plates with easily adjustable paper stop and additional fine adjustment
- Angular setting possible to correct skewed folds
- No need to install deflectors

Optional equipment
- Leseköpfe für ein- oder zweiseitige Lesung
- Professionelle Rilleinrichtung
- Umschaltgetriebe für lange und kurze Formate (bei Übersetzung 1:1 bis 360 mm Formatlänge)

Technical improvements may be introduced without previous notice.
